Author:	IT Department	Print Date:	2026-01-16	INTERNAL USE ONLY	

Document

Contract Number: VND-2025-0847

Effective Date: November 1, 2025

Contract Term: 24 months

Parties

Client: DataFlow Corp ("Client")

Vendor: StreamTech Solutions GmbH ("Vendor")

1. Scope of Services

StreamTech Solutions will provide the following components for the DataFlow Platform:

Licensed Software

Component	Version	License Type
StreamProcessor Core	4.2.1	Enterprise
Real-Time Analytics Module	2.1.0	Enterprise
Connector Pack (Kafka, Flink)	1.8.0	Standard

Professional Services

- Installation and configuration: 40 hours
- Integration support: 80 hours
- Training: 16 hours (2 days)

2. Delivery Schedule

Software Delivery

Milestone	Deliverable	Date	Status
M1	License keys and base software	Dec 15, 2025	Delivered
M2	Real-Time Analytics Module	Jan 25, 2026	Pending
M3	Connector Pack	Jan 25, 2026	Pending

Critical Note: The Real-Time Analytics Module (M2) is required for Phase 2 of the DataFlow Platform. Any delay in M2 delivery will directly impact the Phase 2 start date.

Professional Services Schedule

Service	Scheduled Date	Duration
Installation	Jan 27-28, 2026	2 days
Integration Support	Jan 29 - Feb 14, 2026	3 weeks
Training	Feb 17-18, 2026	2 days

3. Pricing

License Fees

Component	Annual Fee
StreamProcessor Core	CHF 45,000
Real-Time Analytics Module	CHF 28,000
Connector Pack	CHF 12,000
Total Annual License	**CHF 85,000**

Professional Services

Service	Rate	Estimated Cost
Installation	CHF 1,800/day	CHF 3,600
Integration Support	CHF 200/hour	CHF 16,000
Training	CHF 2,500/day	CHF 5,000
Total Services		**CHF 24,600**

Payment Terms

- 50% upon contract signing (Paid)
- 30% upon M2 delivery

- 20% upon project completion

4. Service Level Agreement (SLA)

Availability

- Production support: 99.5% uptime guarantee
- Planned maintenance: Maximum 4 hours/month, with 72-hour notice

Support Response Times

Severity	Description	Response Time	Resolution Target
Critical	System down	1 hour	4 hours
High	Major feature impacted	4 hours	24 hours
Medium	Minor feature impacted	8 hours	72 hours
Low	Questions, enhancements	48 hours	Best effort

Penalties for Non-Compliance

- Failure to meet M2 delivery date: 2% discount per week of delay (max 10%)
- SLA breach: Service credits equal to 5% of monthly fee per incident

5. Technical Requirements

Infrastructure Prerequisites

The following must be ready before installation:

- Kubernetes cluster (v1.26+)
- Kafka cluster (v3.4+)
- PostgreSQL 15+ for metadata storage
- Network access to StreamTech license server

Security Requirements

All StreamTech components must be deployed in compliance with Client's security policies. Refer to Client's security_policy.md for:

- Network segmentation requirements
- Encryption standards
- Access control policies

6. Contacts

StreamTech Solutions

- Account Manager: Thomas Richter (thomas.richter@streamtech.ch)
- Technical Lead: Anna Kowalski (anna.kowalski@streamtech.ch)
- Support: support@streamtech.ch

DataFlow Corp

- Project Manager: Sarah Chen
 - Technical Contact: Marcus Webb
